

Adelaide PHN seeks your support to invite applications to our new Aboriginal Community Advisory Council

Adelaide PHN is commencing an **Aboriginal Community Advisory Council (CAC)** and we are seeking applications from Aboriginal and Torres Strait Islander people who reside in metropolitan Adelaide. We hope you can help us to get the word out.

We are looking for engaged people who want to make a difference, and:

- have lived experience of the primary health care sector and represent the northern, central or southern regions of Adelaide
- are ready to tell us what is most important to people who use primary health care services
- wish to contribute to the creation of person-centred health care
- support us to develop local strategies to keep people well in the community and prevent avoidable hospitalisations
- participate in strategic planning, understanding local health needs and, as a group, vote at our AGM

Aboriginal CAC members are reimbursed as per Adelaide PHN's *Sitting Fee and Reimbursement Policy*.

Adelaide PHN is calling on our commissioned service providers, valued partners & members and Local Health Networks to help get the word out to Aboriginal and Torres Strait Islander people with lived experience of services across our priority areas: mental health, aged care and services for older people, alcohol and other drug, disability, palliative care and childhood and youth.

Alternatively, community members can get involved via our Health Priority Network or our new community interest register. Please contact us for more information.
