# “NO LONGER OVER THE COUNTER” CODEINE RESCHEDULING IN FEB 2018

## Learning Outcomes

- Explain the changes and rationale of codeine prescribing
- Provide guidance for having crucial conversations with patients about alternate and more efficacious pain management strategies
- Consider a systematic approach to screening for substance misuse to ensure patient safety
- Discuss strategies that health professionals can use with patients for transitioning in relation to codeine rescheduling

Category 2 points with RACGP and ACRRM points pending.
