

Connecting CKD: The Link with Cardiovascular Disease

For GPs, Nurses and Allied Health Professionals

Date & Time

6.30 -9.30pm
Tuesday 27th November 2018

Venue

Mawson Lakes Hotel
10 Main Street
Mawson Lakes SA 5095

Light dinner provided
No cost to attend

This education session will provide attendees with information on the importance of addressing cardiovascular risk in patients with chronic kidney disease. The presenter will also discuss the management strategies, treatment targets and therapy choices for patients with CKD and absolute cardiovascular risk.

Learning objectives

- Describe the relationship between kidney function and absolute cardiovascular risk, and the importance of addressing cardiovascular risk in patients with CKD.
- Define the goals for management of CKD and absolute cardiovascular risk and incorporate these into practice.
- Explain the difference a CKD diagnosis makes to the management strategies, treatment targets and therapy choices for patients.
- Improve patient safety by implementing practice systems to routinely assess and manage cardiovascular risk in patients with or at risk of CKD.

Agenda

- 6.30pm – 7.00pm Registration and dinner
- 7.00pm – 8.00pm Presentation by Dr Jobert Angelo
- 8.00pm – 8.15pm Tea/coffee break
- 8.15pm – 9.15pm Presentation by Dr Jobert Angelo
