

As a GP how do you respond?

“How long have I got doc?”

“I am scared of pain can you help?”

“Don’t resuscitate me doc”

**This practical clinical workshop
is delivered by Dr Laurence Leong,
a GP experienced in answering these questions
for patients of all ages at end of life
and co-hosted by John McMahon PEPA SA.**

- Gain confidence managing patients at end of life
- Develop a greater understanding of palliative care in general practice
- Communicate with patients and families about prognosis and care preference goals
- Learn assessment and management of pain and other symptoms at end of life

**This workshop is perfect for GPs
not currently practicing in the palliative care space
or those wanting to add to existing skills.**

6pm – 9pm

Tuesday 14th November 2017 – Adelaide Inn, North Adelaide

Thursday 23rd November 2017 – Adelaide Inn, North Adelaide

***Some travel and accommodation funding is available for rural GPs (conditions apply)
