\$250.00 (inc. GST)
per person for non-members

FREE for existing members
of SAIMA, PMASA, BAMSSA,
ACMA & SASDA

This Mock Clinical Examination is designed for Registered Medical Practitioners and General Practice Registrars who are planning to take up their RACGP Clinical Exam (OSCE). This workshop will provide an opportunity for candidates to test their clinical and time management skills and to address key challenges in preparation for the Fellowship Exam. This Mock Clinical Examination will be facilitated by RACGP-trained examiners who have knowledge and experience in FRACGP examination procedures and structure.

Examination overview

- Rotate through a minimum of 8 clinical stations (4 as candidate and 4 as role-player);
- Improve your time management skills with each clinical station whilst assessing cases in an actual OSCE setting;
- Receive tailored feedback at the end of each station from each examiner; and
- Obtain feedback and general exam tips as a group from the experienced trainers.

Please note that only limited places are available and preference will be given in order of the applications received. Sonder reserves the right to cancel the event if an adequate number of registrations are not received.

Registration

Please email this form to education@sonder.net.au or fax to 8252 9433 by **Wednesday 10 October 2018**
