

# Medication Management in the Community - A Pharmacist's Perspective

FOR GPs & PRACTICE NURSES

## DATE & TIME

6.30 -9.30pm  
Thursday 21<sup>st</sup> June 2018

## VENUE

Mawson Lakes Hotel  
10 Main Street  
Mawson Lakes SA 5095

Light dinner provided  
No cost to attend

This education session will provide GPs & Nurses with an understanding of medication management for patients. The presenter will discuss how to identify patients at risk of medication misadventure, sourcing appropriate support infrastructure to ensure patient adherence and medication management pathways.

## LEARNING OUTCOMES

- Identify patients at risk of medication misadventure.
- Source appropriate support infrastructure to ensure patient adherence.
- Assess and advise on possible medication management pathways.
- Differentiate between Dose Administration Aid (DAA) options available with a focus on patient involvement.

## AGENDA
