

Otitis Media and its Implications on Speech and Language Development in Young Children

For GPs, Nurses and Allied Health Professionals

Date & Time

6.30 -9.30pm
Monday 15th October 2018

Venue

Gepps Cross Hotel
560 Main N Road
Blair Athol SA 5084

Light dinner provided
No cost to attend

This education session will provide attendees with information on the diagnosis and management of otitis media. Presenters, Dr Sharad Chawla, Ms Felicity Brown and Ms Katie Nuttal will provide information on otitis media complications and how it can impact speech and language development in young children.

Learning objectives

- Explain history and diagnosis of otitis media;
- Discuss ways to implement a systematic approach to manage otitis media in the general population and the Aboriginal or other at risk population to avoid complications;
- Describe the impacts of otitis media on young children's speech and language development;
- Improve understanding on interpreting audiological results for your patients;
- Identify & discuss various referral/health pathways to audiology services for paediatric patients.

Agenda
