

Paediatric ENT & Audiology

FOR GPs & NURSES

DATE & TIME

6.30-9.30pm
Tuesday 20th February 2018

VENUE

Sfera's Park Suites &
Convention Centre
191 Reservoir Road
Modbury SA 5091

Light dinner provided
No cost to attend

This education session will provide an update on common paediatric ENT patient presentations and their management. The session will also provide information on audiology assessments and management options for children identified with hearing loss.

LEARNING OUTCOMES

- Review the relevant anatomy and physiology of ENT and discuss clinical assessment.
- Discuss common paediatric ENT conditions and outline the tips for taking history and examination in children.
- Discuss the difference between paediatric and adult audiology and identify critical stages of auditory development.
- Describe audiology assessments performed at various developmental ages and auditory processing assessment and management.
- Summarise possible management options such as monitoring, hearing aids, and implantable hearing technology for children identified with hearing loss.
