Heart Foundation

SAHMRI South Australian Health & Medical Research Institute | HEART HEALTH

Heart Health SAHMRI and the Heart Foundation are pleased to have Professor David Dunstan as a guest speaker as part of the Heart Health program to present:

Physical activity and sedentary behaviour in the prevention and management of chronic disease

Date: Friday 28 July 2017

Time: 10.30 - 11.30 am

Where: SAHMRI Auditorium, North Terrace, Adelaide SA 5000

Professor David Dunstan is Head of the Physical Activity Laboratory at the Baker Heart and Diabetes Institute in Melbourne and an NHMRC Senior Research Fellow and has adjunct professorial roles with Australian Catholic University, University of WA, University Queensland, Deakin and Monash Universities. His research focuses on the role of physical activity and sedentary behaviour in the prevention and management of chronic diseases. His research program has attracted considerable external funding from the NHMRC, VicHealth and the Heart Foundation.
