## CARING INTO THE FUTURE: THE NEW WORLD?

The 7th International Carers Conference will provide challenging debates, thought-provoking presentations, interactive workshops and exhibition zones to inspire. Visions will be explored, ideas expanded and the escalating world of technology enabled products and services will be showcased.

Our stimulating conference will be a catalyst for innovation and collaboration; re-imagining caring into the future, and sharing advancements around the way we support unpaid carers, care-recipients, their families, networks and communities.
