

# ProMBS Workshop

If you thought there must be more to Medicare billing than a cheat sheet, then ProMBS is for you. It's an intensive one-day workshop, coupled with an ongoing learning package. Reinforcing activities and follow-up cases will ensure that you maximise the benefits you receive.

By reducing the pressure to turn patients over quickly, we provide doctors (and practices) the time to deliver high quality care for patients, through sustainable and safe billing practices.

Efficient, accurate billing will allow you to spend your time and expertise where it is needed most - with patients.

## FORMAT

The workshop will involve mixed learning methods, including audience interaction and small group discussions. Learn with your peers, and share the secret knowledge that is hidden in the MBS Schedule.

## FEATURES

- Over 70 MBS case examples
- Follow-up cases
- Reinforcing activities
- Take-home materials
- Accredited for 40 Cat 1 points (RACGP), 30 PRPD (ACRRM), and 32.5 AAPM points
- Well suited for GPs (VR and non-VR) as well as Practice Managers

## NEXT WORKSHOP DATES
